1. At a recent meeting of the Joint Training Committee, it was recommended that an arrangement be established whereby all requests for the despatch of training material overseas would be reviewed by a joint committee. It was suggested that the committee be composed of [REDACTED] of OSO and the Operational Security Officer of OPC when the matter affected OPC interests. I do not know whether or not the Chief, TRD has yet had an opportunity to discuss this with you.

2. In the meantime, there has been a request to send enclosure (b) overseas, and I should like your comment in this particular instance as well as your general suggestions about appropriate procedure for reviewing such requests in the future.

cc: Chief, TRD /
